

VITA NOVA SALVAGE

“We bring new life to vintage finds!”

I make furniture out of things I find. I found an old iron bistro set in Port Orchard. It was a bit rusty, the original glass top was cracked, and the seat cushions were faded and torn. After I sanded off all the rust, I spray painted it jet black, replaced the top and seats with some nice pallet wood, and distress painted the wood turquoise. The result is a cute and comfy bistro set with that old world look. Perfect for any home, inside or out.

30 inches high, 30 inches in diameter.
