

We found a nice collection of old ambrosia maple boards in Leicester. Ambrosia maple is unique in that the ambrosia beetle leaves small holes and colorful trails embedded in the wood, making for unique looking table tops. We added an antique green wooden base, plus some chairs repurposed from a closed Bojangles in Greer, SC. Nice dining seating for 4 or 6.

About 64 inches long, 29 inches deep, and 30 inches high.
